

TRAFFIC			
STRATEGIES	Capital Improve-ments	Code & Policy Amend-ments	Other Plans & Programs
1 Evaluate whether existing residential parking zone (RPZ) areas should be expanded or if a new RPZ should be created to cover the remainder of the Bellecrest and Surrey Downs neighborhoods to the south.			
2 Evaluate day and hour restrictions of all RPZ areas in the Bellecrest and Surrey Downs neighborhoods to determine if they should be expanded.			
3 Monitor pick-up/drop-off activity in the residential area once light rail is operational and implement restrictions as needed/supported by the neighborhood.			
4 Enforce RPZ and other restrictions to ensure they are effective.			✓
5 Update the city's traffic calming guidelines to lower the speed threshold for the implementation of traffic calming measures around light rail stations.		✓	
6 Continue to monitor and enforce access restrictions from downtown to 108 <sup>th</sup> Avenue SE.			✓
7 Continue to explore, and implement as appropriate, new technologies and best practices that discourage non-residential traffic from traveling from downtown through residential areas.			✓
8 Coordinate additional traffic calming measures for 108 <sup>th</sup> Avenue SE with measures for 109 <sup>th</sup> Avenue SE to discourage cut-through traffic and maintain safety on residential streets.	✓		✓
9 Evaluate the feasibility and trade-offs of modifications to the intersection of Main Street and 110 <sup>th</sup> Avenue for the purposes of providing additional neighborhood access for residents, improving pedestrian safety, and discouraging non-residential traffic. Modifications to be evaluated may include, but are not limited to, realignment of 110 <sup>th</sup> Avenue, a traffic signal with protected left turn movements, additional sidewalks, crosswalks and pedestrian signals.	✓		✓
10 Add a protected left turn signal phase for all legs of the Main Street to and 108 <sup>th</sup> Avenue SE intersection to facilitate residential neighborhood access while improving safety for people walking across Main Street and 108 <sup>th</sup> Avenue SE. Evaluate concurrently with street traffic mitigation.	✓		✓
11 Implement a 20 mph school zone around Bellevue High School.	✓		✓
