

STUDENT PROPERTY

THEFT PREVENTION TIPS

Students are in step with our modern times and have electronic devices and expensive personal property. The most effective way of keeping your property from getting lost or being stolen is to leave it at home. If you choose to bring your personal electronics devices to school, here are some tips to keep them safe.

THEFT PREVENTION TIPS:

- ◇ Register your device with the School Resource Officer.
- ◇ Keep the device with you at all times, preferably in the inner pocket of your backpack or purse.
- ◇ If you leave the classroom, do NOT leave your device unattended.
- ◇ Store your device in a bulky case. Use a make-up bag or plastic container to make it harder for potential thieves to steal without being noticed.
- ◇ Take advantage of the Apple offer to engraving your device or engrave it yourself. Make it harder for potential thieves to resell your personalized property.
- ◇ If you store your device in a locker...LOCK IT!!! Do not share your locker combination with anyone – even friends.
- ◇ Do not leave devices or valuables in your vehicle.
- ◇ If you see a suspicious person(s) hanging around the locker room or a student's belongings, report the activity to school staff immediately.

In the event your device is missing or stolen,
report it IMMEDIATELY to the
SRO or a Staff Member.

FOR EMERGENCIES, CALL 911
