

We require permits for the installation, relocation, addition, or repair to electrical systems.

**Definition of valuation:** The prevailing fair market value of the materials, labor, and equipment needed to complete the work.

(ROUND fee to the nearest dollar)

Effective 1/1/2022

● Review fee estimate is a credit against the review fee due at issuance; any additional review fee is calculated using the same method as the estimate. Your value may not be the same as that determined by the reviewer.

# Charged only when the scope of work requires Building Review.

**Turn page over for additional fee information.**

This information is a general guide and should not be used as a substitute for current codes and regulations. Sheet #10  
Call Permit Processing at (425) 452-4898 for additional information. Assistance for the hearing impaired: dial 711.

Permits are required for all non-residential and multifamily low-voltage installations. Permits are not required for single family low-voltage installations (*exceptions*: non-residential telecommunications less than 10 outlets).

- ◆ All cabling requires a permit including computer/data (commercial), antenna cabling, telephone systems (commercial), security systems, CATV, fire & stereo systems.
